ABOUT ME

I'm a Web Development student at SRH Berlin with a strong focus on UX design and frontend development.

Curious and adaptable, I enjoy combining creativity and technology to build clear, engaging, and accessible digital experiences. Through different projects I've gained hands-on experience with both design tools and modern web technologies. I'm eager to keep learning, collaborate with a team, and contribute to meaningful digital products.

PROJECTS & COLLABORATIONS

- Adopt a Grandparent** 2025
SIVA, Shanghai
 - Collaborated with students from the Shanghai Institute of Visual Arts to design an app encouraging hospice volunteering. The concept matched volunteers with elderly patients, offering features to support and motivate them in their role.
- Handicap App** 2025
Accessibility Project
 - Built a Strapi backend to support disabled users accessing concerts and events. Focused on content structure, accessibility features, and role-based permissions.
- Edurino** 2024
Müller Stores
 - Designed an interactive screen prototype with Figma and ProtoPie to promote educational products in toy stores. Balanced a parent-facing section with a playful, kid-friendly interface
- Navigation App** 2023
SRH Wald-Klinikum Gera
 - Developed a mobile navigation app concept to guide patients and visitors through the hospital. Focused on usability and clear interface design.

EXPERIENCES

Sale Associate

2024-2025

Loris Parfume | Alexa Mall, Berlin

- Assisted customers for almost one year in selecting perfumes and beauty products, offering personalized recommendations to enhance their shopping experience. Consistently delivered high-quality service, contributing to increased sales and customer loyalty. Maintained an attractive store layout and handled transactions efficiently in a fast-paced retail environment.

Volunteer

2021-2022

Misericordia | Alghero

- Volunteered with Misericordia in Alghero on multiple occasions, helping organize food collections for people in need. Engaged with shoppers outside grocery stores during collection days, encouraging them to donate food items, and later assisted in sorting and distributing the donations. This experience strengthened my communication, teamwork, and organizational skills while supporting my local community.

Art Gallery Assistant

2021

In Sacro Itinere Project | Alghero

- Participated in a one-month high school project presenting contemporary art to visitors, where I introduced the works of Giovanni Carta, Aldo Contini, and Igino Panzino, developing strong public speaking and interpersonal skills in a cultural setting.
