- Assisted customers for almost one year in selecting perfumes and beauty products, offering personalized recommendations to enhance their shopping experience. Consistently delivered high-quality service, contributing to increased sales and customer loyalty. Maintained an attractive store layout and handled transactions efficiently in a fast-paced retail environment.

### Volunteer

- Volunteered with Misericordia in Alghero on multiple occasions, helping organize food collections for people in need. Engaged with shoppers outside grocery stores during collection days, encouraging them to donate food items, and later assisted in sorting and distributing the donations. This experience strengthened my communication, teamwork, and organizational skills while supporting my local community.
